## ECSTA PA31

TREAD CODE: PA31

TREAD CLASSIFICATION: DIRECTIONAL

Designed, engineered and produced specifically for today's growing number of mid-level sports sedans and coupes, the Ecsta PA31 delivers outstanding street performance and excellent mileage. Wet and dry handling worthy of the high performance moniker while excelling in light snow conditions, the Ecsta PA31 distinguishes itself with an unparalleled combination of comfort, low noise, high performance and long mileage.

<b>WET</b>	8.5
<b>NOISE</b>	7.5
<b>WEAR</b>	7.5
<b>COMFORT</b>	8
<b>SNOW</b>	8
<b>OFF-ROAD</b>	N/A

Numeric ratings reflect how a tire compares against other Kumho tires of similar type. A rating of 10 indicates that the tire is designed to perform extremely well under those conditions. A rating of 4 or N/A (not applicable) indicates that the tire is not designed to excel in that area. 10 = Extremely Well, 5 = Acceptable, 1 = Poor.

### SPECIAL FEATURES

Heavy sipe density and large cross grooves expel water quickly, improving snow and wet weather handling.

The directional tread design is shaped to avoid uneven wear and delivers excellent steering, cornering and braking in all-season conditions.

The variable pitch shoulder blocks reduce road noise throughout the life of the tire.

Advanced design technology and balanced tread compound achieve the ideal

blend of all-season traction and high mileage performance.

ESCOT Technology improves steering response and increases tread life by optimizing cord tension distribution in the sidewall.

### SAMPLE VEHICLES

BMW 128i; Chevy Cruze, Chevy Malibu; Chrysler 200; Dodge Avenger; Ford Focus, Ford Fusion; Honda Civic, Honda CRZ; Hyundai Veloster; Mini Cooper; Scion FR-S; Subaru BRZ, Subaru Impreza
