

TOYO TIRES®
driven to perform®

PASSENGER CAR & MINIVAN

CELSIUS® CUV

VARIABLE-CONDITIONS TIRE

Celsius CUV is the revolutionary variable-conditions tire with better ice and snow traction than a typical all-season tire, and longer tread life than a winter tire. Built for convenient year-round use, Celsius CUV stops up to 31 feet shorter on snow than a typical all-season tire.* It also performs well on wet and dry roads, plus comes with a 60,000-mile warranty. Toyo Celsius means year-round versatility plus winter-weather safety in one.

Mountain Snowflake
qualified for severe
snow conditions.

Warranty

In addition to our limited warranty, every Celsius CUV comes with a 60,000 mile treadwear warranty.

Variable Sipe Density

- Inside Tread: Higher sipe density for excellent traction on ice and snow.
- Outside Tread: Lower sipe density for traction on wet and dry roads.

Snow Claws

- Improves deep snow traction.
- Increases block rigidity for better ice and wet traction.

Slush Grooves

- Evacuates slush for increased traction on slush and snow.

Multi-Wave Sipes

- Minimizes irregular wear for a smooth, quiet ride.
- Improves braking on icy, wet and dry roads.

* Performance ratings are compared to other Toyo products in the same category. Scale is 1 to 5, with 5 being the best. All Toyo brand tires are subject to continuous development. Toyo Tire U.S.A. Corp. reserves the right to change construction, materials or specifications without notice or obligation. Contact your Toyo Tires dealer or Toyo Tires for current information.
