

VERSADO[®] ECO[™]

The Versado Eco is an all-season, luxury performance tire developed specifically for hybrids and other environmentally-friendly vehicles.

This eco-friendly tire provides lower rolling resistance for improved fuel economy while at the same time delivering excellent tread life and a smooth, quiet ride. The Versado Eco also uses naturally derived materials in the tread compound and recycled materials in the tire casing - making the Toyo Versado Eco easy on the environment, and your pocketbook.

TIRE FEATURES

New Lower Rolling Resistance Compound

- Improved fuel efficiency.
- Increased tread life.

Low Rolling Resistance Tread Pattern and Profile

- Lower rolling resistance due to high stiffness rib pattern.
- Improved tread contact for reduced rolling resistance and improved wear.

Silent Wall Technology

- Reduces pipe resonance, resulting in a quieter ride.

Multi-Wave Sipes

- Minimizes irregular wear for a smooth, quiet ride.
- Increases all-season traction.

Four Circumferential Grooves

Evacuates water to improve wet performance.

Recycled Polyester Casing

- Same quality and performance as newly manufactured polyester material.
- Saves natural resources.

All Toyo brand tires are subject to continuous development. Toyo Tire U.S.A. Corp. reserves the right to change construction, materials or specifications without notice or obligation. Contact your Toyo Tires dealer or Toyo Tires for current information.
